

Wax On, Wax Off: The Truth About Multi-Tasking In Research + Learning

Hypothesis

Multi-tasking works

If done correctly

Example 

My experience

Daily blogging

Weekly articles

Day 1

Study scope

Determine tasks

Build reference list

Build a mindmap

scope

tasks

references

Scan references

Day 2

Browse some references

Cull the list

Days R1-n

Read

Write

Edit

Tighten writing

Reduce length

Hyperlink

D-Day

Package work for client

Conclusion

Works if used properly

Requires some faith to implement this method
